live lot

Registered 3/4 Simmental (ASA 3555777) • DOB 2/1/2016

Remington Secret Weapon 185 x 4/B Miss Pathfinder 88X (Lazy H Pathfinder R104)

- **LOT 501A:** Selling 50% Embryo Interest, No Possession
- **LOT 501B:** Sexed Female Pregnancy sired by W/C Password 28E, due March 13, 2023
- **LOT 501C:** Sexed Female Pregnancy sired by W/C Password 28E, due March 13, 2023

You would have to drive the wheels off of a pickup to find another donor that has produced the dollar value of progeny that 4/B Miss Secret Weapon 41D has produced over the past three years. She works to every bull she is bred to and passes on her tremendous power, look, structure and overall presence. Just check out the progeny that she has contributed to the last three Griswold Classic sales, and you will soon realize that she is the real deal. Nearly a million dollars of production and she's just getting warmed up. If you're looking to add genetics from a cow family, she has done nothing but out produce herself time after time, after time, after time. Very rarely do you have an opportunity to buy into a young, proven donor that not only hits out of the park to every bull she is mated to but produces an average of 10 Number One embryos every time she is flushed, and she is normally flushed every two weeks. It's not what they cost you, it's what they will make you. This powerhouse of a donor is the investment and opportunity of a lifetime!

Note: The pregnant recipients will be at the sale, ready for pick up.

TERMS OF LOT A: 4/B Miss Secret Weapon 41D will remain at Trans Ova Genetics, Sioux City, Iowa. The new partner/s will receive ALL embryos generated from her next two (2) flushes, and the new partner/s will be able to choose the sire of their choice for both flushes. After the completion of the next two flushes, future embryos will be divided evenly between the owners. Future matings will be agreed upon by both parties.

offered by 4/B Cattle Company, Brent Beaulieu (712) 251-0806

Winslow's Magic Jewels
\$46,500 daughter of Magic Pearl,
sired by County O

Did you see the picture of the cool baldy heifer in this year's semen catalog alongside County O? She highlighted our annual heifer sale last fall by commanding \$46,500 to Campbell Land and Cattle. She was likely the best animal we have offered on the open market to date, and quite possibly one of the most exciting County O daughters ever to be sold. Now you have the opportunity to purchase her mother in her entirety at the peak of her productive career? Kent Jaecke said all year that he wanted to raise the bar and have something "different" in this year's Frozen Classic. We couldn't think of a more exciting way to accomplish that than by offering a "Live Lot" donor and display what the Griswold influence can do in just a generation or two.

MRH Magic Pearl is a beautiful baldy daughter of the famous G- bull Whizard 125W, and she has proven herself to be one of the most influential donors in our battery. She made her way to our donor pen after a short but successful show career in Ohio for the Wilcox sisters, including 3rd Overall Best of the Buckeye and Champion SimSolution at OBE as well as being a sale highlight at the Select Simmental Sale at NAILE. Pearl has proven to be very versatile in production—not only in the Simmental breed, but she also has sold multiple Chi-influenced, Maine-influenced, and club calf progeny over \$10K, highlighted by a BMW Onset daughter to Craig Gana/Gateway Genetics in Nebraska. She continues to prove time and time again to consistently produce daughters that can flat get it done. Pearl has been "magic" for us in her ability to fill our tanks with embryos and daughters in the keeper pen, and because of that we can offer her to you her entirety in the prime of her life.

The matings selling also get us very excited. The proven County O mating will make full sibs to last year's sale highlight heifer for us. The SAM and Family Tradition matings are "brand new," and we are giving you the chance to have the first of these to hit the ground. We think all four matings will be a home run, and they will be "game changers" for your program. All embryos are located at Trans Ova in Iowa and ready to be shipped immediately.

- **LOT 503C:** 3 IVF Sexed Female Embryos sired by CH High Roller 756 ET
- **LOT 503D:** 3 IVF Sexed Female Embryos sired by SR Dominate 308F ET

When you think of C Bar1 Classy Lass 9153 "Rosie," you're thinking outside the box from your normal mainstream, run of the mill Hereford cow. This purebred Hereford female throws everything at you but the kitchen sink as far as extra dimension and power, tremendous lower rib cage design and spread, perfectly shaped, large feet that flow into the extra bone and stoutness of a crossbred cow, and then on top of all that she'll blow you away for that killer profile and sharp front one-third, long, attractive neck and ideal head shape. "Rosie" is the new age Hereford. Mate her to the greatest Hereford bull in the world...YOURS!

TERMS OF FLUSH: Selling one conventional or IVF flush to the bull of the winning bidder's choice with a guarantee of six (6) transferrable embryos and no cap. Flush will be done at Trans Ova, Oklahoma, and must be completed prior to March 1, 2023. Rosie is currently open and ready to flush.

Colburn Primo 5153 x Lazy H Bar Forever Lady 361 (EXAR Lutton 1831)

- **LOT 504:** 4 IVF Sexed Female Embryos sired by Mr HOC Broker

This awesome Angus donor is just starting to prove herself, and we are excited to feature her genetics again this year. In her early career, she already has a \$20,000 Conley Express heifer and a \$10,000 24 Karat heifer to her credit. In very limited embryo sales to date, 7104 is averaging over \$2,000 per embryo sold! Lazy H Forever Lady 7104 had an impressive show career and was named Champion or Reserve at numerous jackpots, including Champion Overall two times and Reserve Overall four times before she rounded out her career as the Champion Angus and Fifth Overall at the prestigious Iowa State Fair FFA show. Her dam is the legendary Lazy H Bar 361, who was the high seller of Barry Hageman's dispersal at \$51,000. Her mating to the legendary Mr HOC Broker is the "Golden Ticket" for success!

- **LOT 505A:** 4 IVF Sexed Female Embryos sired by STAG Good Times 201 ET
- **LOT 505B:** 4 IVF Sexed Female Embryos sired by BKMT Game On 227G

PVF Missie 4149 is without question one of the most prolific donor females ever to be produced in the famed Prairie View Farms program, producing the top sellers in their yearly production sale for two consecutive years and going into homes that have experienced tremendous success on a national level. The mating of this powerful female with the exciting herd sire STAG Good Times 201 in the PVF, Stagemeyer, May and Griswold programs proves to be the ticket for hanging banners in the future at all of the major national shows, just as she did herself for the McCabe Family from Kansas, being named the Junior National Grand Champion Female. The BKMT Game On mating will qualify for MaineAngus registration and will allow you to jump to the front of the line in the MaineAngus division at the National Junior Heifer Show and major shows all across the country in the coming years. They will be powerful with that killer look. **POWER IN THE BLOOD!**

- **LOT 508D:** 4 IVF Sexed Female Embryos sired by Irish Whiskey

DNC Miss Caffee C35 has been a no-miss cow for several years at the Caffee Ranch. Maternal Made really works on this cow, producing a \$9,000 heifer to Kelly Munson, a \$7,000 heifer to Adam Shirley who went on to be 3rd Overall at the Georgia National, and a bull to Washington. Her Maternal Made bull is a stud for the upcoming 2023 bull sale. As are the other cows that are flushed at Caffee Ranch, C35 is backed by a powerhouse cow family. A35 and Y38 have raised over \$50,000 in progeny over the years, all natural calves.

Dameron First Class x PVF Missie 0084 (SAV Bismarck 5682)

- **LOT 510:** 3 IVF Sexed Female Embryos sired by STAG Good Times 201 ET

Here is the opportunity of a lifetime to get in on the ground floor of one of Prairie View Farms' newest and most exciting young donors in their storied and successful program. AF Anderson's Missie 914 is a Dameron First Class daughter out of the legendary matriarch donor PVF Missie 0084, who herself has produced numerous high selling daughters, state fair champions, national junior show divisional winners and also has produced former National Junior Angus Show Grand and Reserve Grand Champion females. This mating to possibly the most talked-about and popular Angus sire in the country right now, STAG Good Times 201 ET, creates a genetic mating for the record books. The results of this mating are limitless for the quality and power these two great individuals will produce. AF Anderson's Missie 914 is the donor that we think will replace her dam eventually—she has all the pieces for greatness. The risk is very low with this exciting mating.

- **LOT 513:** 3 IVF Sexed Female Embryos sired by BK Xikes X59

The embryos selling are full sibs in-blood to the great End Game bull. Here is a chance to make your impact on the Maine-Anjou breed! A rare and limited opportunity out of our now-deceased Harmony 56C donor, whose pedigree ranks among the most dominant in the breed. 56C is a flush mate to the mother of TJSC End Game, who is arguably one of the hottest sires in the industry currently. End Game is dominating the show and sale rings, even with a limited and hard to find semen supply due to his untimely death. Harmony 56C herself was the \$69,000 high selling female through Jones' High Standard Female Sale and was campaigned by the Goettemoeller Family of Indiana. Phenotypically, 56C was one of the most impressive animals with her frame, body capacity, structure, bone, and pure mass. She challenged the norms of her breed in a positive and impactful manner. She highlighted our 2022 sale season with a \$30,000 Who Da Man daughter. We feel this female has the ability to better the breed in many ways. Take advantage here, as this opportunity will not likely be offered again due to her unexpected passing.

Everything out of Dirty Dancing D02 has flat worked. We kept her first heifer, F02, and her next three bulls have been top sellers in our annual bull sale, with the last one commanding \$9,500. F02 offered our second high selling bull for \$12,500 last year too. She goes back to the great Ooh La La, who won the Royal and NAILE. Every heifer that goes back to her has been a donor for us so far. The cow power is unreal! Three bulls in our 2022 bull sale went back to her and sold for over \$32,000 combined.

Registered 3/8 Maine-Anjou AMAA 395553

Irish Whiskey x Commercial Angus 2/505

- **LOT 516:** 3 IVF Sexed Female Embryos sired by Mr HOC Broker

One of the most legendary Irish Whiskey females ever to leave the Griswold Cattle Company program, 8/19U has been the cornerstone to our program. A powerful, huge bodied, square built, power cow with that ever present "Whiskey Look." This mating will be full sibs to our next rockstar donor, FEN Louise F35, dam to FEN Hardy, the top selling bull at the 2022 Ohio Beef Expo to Griswold Cattle and now roaming the pastures in Stillwater.

Mr HOC Broker x GCC Sioux Miss 8/19U (Irish Whiskey)

- **LOT 517:** 3 IVF Sexed Male Embryos sired by BNWZ Data Bank 1311C

When you blend the power genetics of GCC Sioux Miss 8/19U with the power sire of the Simmental breed, Mr HOC Broker, you design beef cattle with the body, power, look and structure to lead any program to the next level. This super attractive power donor is our lead donor for the next generation, and she is just getting started. Her son, FEN Hardy, was a barn favorite last March at the 2022 Ohio Beef Expo and was the top selling bull of the entire event. You will be seeing great things in the near future from this powerful son of Data Bank, now in the Griswold program. This mating will be full brothers to Hardy.

Where can you find full sibs to the absolute Hottest Outcross Genetics in the Maine-Anjou breed today? Only at the G- Frozen Classic! Never before offered, this planned mating combines some of the most unique purebred genetics the Maine-Anjou breed has to offer. Take Action, All Me and Sweet Willie represent outcross genetics for the next generation and for generations to come. Everyone is looking for that outcross bull or female to expand and diversify the genetic base of the breed, and these genetics do it and more, producing cattle with tremendous muscle shape and power without sacrificing depth and softness through the center body and delivering that attractive, striking look that everyone demands. Uncover the breed's next great sire or donor with this unique and proven mating.

- **LOT 519B:** 4 IVF Sexed Female Embryos sired by Take Action

BPF Princess 999C has been a standout since the day we saw her as a baby. After a prolific show career for the Lockhart family, she entered into our flush rotation immediately. Every year in production, her average on live cattle sold continues to grow. She is one of our most impressive donors phenotypically and transmits her "out there" attributes to every one of her offspring. Some of our industry's most astute cattlemen have landed a daughter in their sale or show barn, and the list continues to grow. Her natural calf by RF Politically Correct was Champion Division 2 MaineTainer Bull at the 2021 Cattlemen's Congress in Oklahoma City.

Notable offspring of "Miley": Garth \$10,000, Primo \$32,500, Garth \$16,000, Garth \$24,000, Garth \$8,500, Lot 18 Primo in the 2022 Classic

When you think of all of the great donor females in the Simmental breed over the last 20 years, there's one that purebred female that has been most impactful over all others, Miss Werning KP 8543U, the dam of such great sires as W/C Executive Order, W/C Relentless, W/C Bankroll, and W/C Bet On Red (who is directly line bred to 8543 four times), just to name a few. 8543U is a cow that has changed the Simmental breed. Last spring we were fortunate enough to purchase the clone to this powerful female, an individual that mirrors 8543 as closely as we have ever seen. A female that is as tremendous in her design, look and structure as the original. We are so excited to bring the next level of genetics out of this legendary matron. Her mating to GCC New California 131J could possibly be as exciting as any purebred mating we have ever designed. Here is your extreme opportunity to get in on the ground floor of greatness.

- **LOT 529A:** 4 IVF Sexed Female Embryos sired by JSUL Something About Mary 8421
- **LOT 529B:** 4 IVF Sexed Female Embryos sired by Family Tradition

One of the newest additions to our donor battery, this matriarch female gets us very excited for the future of all of our partners' programs and the Simmental breed. She is known around here as "Cinderella," and we think she has plenty of royalty to be wearing that crown. She was a highlight as a top seller at the NAILE Select Simmental Sale, and her pedigree is among the elites. The top side is the legend himself, Broker, and her dam was a part of some of the most storied programs in the breed (Martin, Guyer, Jones, Schaake), with daughters selling as high as \$90K. C502's show career included Supreme Female at Simmental Sweepstakes, Grand Champion at KILE, and Reserve Supreme at PA Farm Show. Not only was her show career successful, her short production career has already yielded a \$100K Distinction daughter sold to Sullivans at the Donors and Divas Sale along with several other high sellers. We think her ability to blend her massive foot size, extension, shape, and dimension in a purebred package will create females that will excel not only in the show ring but also in future donor material for years to come. The matings offered to the hottest bull in the breed, SAM, and maybe the most exciting up-and-coming bull, Family Tradition, are absolute no brainers and combine the best cow families the breed has to offer. Buy with confidence here.

Registered Purebred Simmental (ASA 3237273)

W/C Loaded Up 1119Y x HF Serena (Mr NLC Upgrade U8676)

- **LOT 536A:** 3 IVF Sexed Female Embryos sired by Mr HOC Broker
- **LOT 536B:** 3 IVF Sexed Female Embryos sired by STAG Good Times 201 ET

"Gigi" is a direct daughter of the most decorated female in the Simmental breed, HF Serena 74Y, who has amassed over 3 million dollars in production over her lifetime with numerous show titles to her record and her progeny. In 2022 alone, Serena produced STCC Tecumseh (half interest sold for \$620,000 to Freking Cattle), a Berwick daughter who was Champion Simmental at the 2022 NAILE, the ASA percentage Show Heifer of the Year, and many other state fair and national show winners. Gigi, arguably Serena's best baldy daughter, was a sale highlight and top seller at Trennepohl Farms. She possesses that added muscle shape and foot size while still being good looking and having excellent running gear. These added features are evident in the high end females popping up all over the country this fall, several selling for over \$10K, and a Conley No Limit daughter that was a feature at the Griswold/Teets Mountain Classic. She has proven to be very versatile with both Simmental and Angus sires and consistently produces baldies without any extra chrome. We think the potential for this donor is endless, and we think these matings to G- bulls are no-brainers. Big time show heifer appeal and even bigger donor potential! We encourage you to get in on this donor on the ground floor and continue the family tradition.

Registered Purebred Simmental (ASA 2685388)

Welshs Dew It Right 067T x Welshs Roxie 103W (SVF/NJC Amazon)

- **LOT 537A:** 3 IVF Non-Sexed Embryos sired by Mr HOC Broker
- **LOT 537B:** 3 IVF Non-Sexed Embryos sired by JASS On The Mark

When we had the chance to buy Scarlet, we jumped on the opportunity. Dew North was a bull that we fell in love with when we saw him in Fort Worth, he quickly became a go-to calving-ease sire across the nation and proved his ability to sire eye appeal and performance. These are surefire baldy matings lined up with Broker and On The Mark, two sires who are proven, dominating bulls when it comes to producing leading females and herd sires that are can't-miss matings. These are purebred embryos with the potential to take your program to a whole new level.

FHEN Halftime A127 x DAF Reba C85 (Silveiras Style 9303)

- **LOT 539:** 4 IVF Sexed Female Embryos sired by JSUL Something About Mary 8421

Without question, Reba's Fancy 8375F has quickly become one of the most productive and prolific donor females not only in the Sullivan Farms program but throughout the U.S. for her tremendous success in producing some of the most nationally competitive Simmental show heifers. The impact that JSUL Something About Mary has made on the Sullivan and Griswold programs and throughout the U.S. has made him likely the most talked-about purebred Simmental sire in the business today, and the results of this mating will be some of the most sought-after genetics in the breed. The past matings of SAM on the powerful Silveiras Style 9303 daughters have produced some of the most valuable and successful matings to date. Take advantage and produce your next elite show heifer and donor.

Mr HOC Broker x 3814 (SAV Brilliance 8077)

- **LOT 540:** 4 Conventional Non-Sexed Embryos sired by JSUL Something About Mary 8421

S&S Breaking Bad 022H combines the ever-popular genetics of the Simmental “King of the Ring” and cow maker Mr HOC Broker with one of the most proven and successful Angus cow families, Cherry Knoll Elsa. This half-blood SimAngus female was our selection out of the Schaeffer Show Cattle program, known for producing not only those powerful, awesome built, sound females for the show ring but genetics that make powerful donors as well, and that is exactly what Breaking Bad has become. She’s huge footed, stout built and still has that sexy profile. Her mating to the wildly popular JSUL Something About Mary will be absolutely a no-miss combination for power, look and body.

- **LOT 543A:** 3 IVF Sexed Female Embryos sired by JSUL Something About Mary
- **LOT 543B:** CHOICE of 3 IVF Sexed Female Embryos sired by Mr HOC Broker or TJSC End Game 61G ET

Foxy Lady has become a mainstream name around our place over the past couple of years with what she has been able to accomplish. She was one of the most dominant show heifers on the East coast in the last decade, being named Breed Champion and/or Supreme Champion over 15 times in seven different states. Consistency runs in her blood, with a full sister being named Calf Champion %Simmental at this year's Keystone (KILE), who then went on to be the top seller in our annual online heifer sale this fall to Campbell Land and Cattle. Foxy Lady's calf crop is always some of our best, highlighting our heifer sales year in and year out. We have sold Foxy Lady genetics to some of the most influential Simmental programs across the country because she has proven to stamp her consistent phenotype in her calves. We are offering you two packages: A) SAM—the industry's hottest sire; and B) the choice of Broker or End Game—absolute legends in their respective breeds. With the continued success of this cow family, get in while you can because these genetics may soon not be offered to the public.

Good Times is without question the hottest young purebred Angus bull in the country. A son of the extremely popular and successful sire SCC SCH 24 Karat 838, Good Times takes all the look, presence and extra shag from 24 Karat to the next level for balance, base width, natural lower rib cage design, hip shape, pin width and a skeleton that is nearly flawless. The Good Times progeny have not only topped production and online sales all across the country but will be a major force to reckon with in the coming show season. Get on the Good Times train today...for champions of tomorrow!

Bet On Red

W/C BET ON RED 481H

Registered Purebred Simmental (ASA 3808091)

W/C Fort Knox 609F x W/C Angel 7113E (W/C Relentless 32C)

- **LOTS 911-920:** 10 Packages of 2 Units *Sexed Female*

The "Red Wave" isn't just a popular fad or a temporary whim, it's here to stay. The red-hided cattle all across the country, and more specifically the red baldy cattle, are on fire and generating top dollar values and popularity among breeders from all corners of the U.S. Bet On Red is the sire to lead your program on the "Red Wave." A son of the great W/C Fort Knox and out of one of the most powerful and proven donors in the breed, W/C Angel 7113E, Bet On Red stacks the genetics of arguably the greatest Simmental donor of all time, Miss Werning KP 8543U. The first calves are tremendous for their look and presence while packing extra growth and performance with impeccable structure and soundness. Paint the town red with Bet On Red!

Private Stock

ROCKING P PRIVATE STOCK H010

Registered Purebred Simmental (ASA 3775641)

WLE Copacetic E02 x RP/MP Built To Love A021 (Rubys Wide Open 909W)

- **LOTS 921-930:** 10 Packages of 2 Units *Sexed Female*

We are so excited to be a part of this great young purebred bull for his future production in our program and the progeny he will leave in the Simmental breed. Literally from the ground up, this great young son of WLE Copacetic out of RP/MP Built To Love takes your breath away. Quite possibly the biggest, most perfect shaped feet on a big bull we've ever seen. His structure and skeleton are flawless, and he so symmetrical in his design. Wide hiped, big backed, soft center bodied, tight shouldered and long necked with a perfect head. And to add the cherry on top, he's homozygous black and homozygous polled and will most definitely be a heifer safe calving-ease king. Jump on this opportunity and get some daughters of this great sire early—you won't regret it.

Lover Boy

THSF LOVER BOY B33

Registered Purebred Simmental (ASA 2983443)

HTP/SVF Duracell T52 x RP/MP Right To Love 015U (SVF/NJC Built Right N48)

- **LOTS 931-940:** 10 Packages of 2 Units *Sexed Female*

Lover Boy is a bull that is proving time and time again that he isn't only going to calve easy, but he's going to make the kind of cattle that hit your replacement pen, turn out his sons as herd bulls, and make future donors. Good cattle make great cattle, and Lover Boy is definitely no exception. Rarely does a proven calving-ease bull sire such powerful progeny that can compete nationally, but Lover Boy has tapped into that market too, siring both the Supreme Champion Female at the 2021 Cattlemen's Congress Junior Show and the Supreme Champion Female at the 2021 American Royal Junior Show. Lover Boy is a true maternal powerhouse.

Payroll

SJF SMJ PAYROLL

Registered Purebred Simmental (ASA 3992818)

W/C Bankroll 811D x SJF/TVSC Charlie (Profit x Mr HOC Broker)

- **LOTS 941-950:** 10 Packages of 2 Units *Sexed Female*

UNIQUE. The best word we can think of to describe Payroll is Unique. Pedigree wise, he ties so many of the truly great genetics within the Simmental breed together, including such legendary sires as Loaded Up, Profit, Broker, Pilgrim, Dream Catcher and Bankroll, then add in such great donors as Miss Werning 8543U, Aubreys Black Blaze and WAGR Panarama, and you've created a powerful genetic package. Unique is how you would describe Payroll's design and phenotype as well. Stout built, wide based, bold ribbed and square hipped with a wild look and presence, all in a deep, dark cherry red baldy hide. *Red is the new black.*

Bank On It

W/C BANK ON IT 273H

Registered Purebred Simmental (ASA 3808104)

W/C Bankroll 811D x KS Miss Sequoia Y770 (Hooks/KS Sequoia 35S)

- **LOTS 951-960:** 10 Packages of 2 Units *Sexed Female*

What sets apart the mediocre from greatness? The Details. It is all about the details, and W/C Bank On It sets all of the details in motion. A powerful son of the legendary Bankroll, this jet black, polled, beautiful baldy, stout built, long spined, big backed, square hipped powerhouse ties everything together of all the great sires in the breed and throws that long, high neck set like no other. And when you start to study the details, Bank On It is out of one of the most prolific donors in the breed today, KS Miss Sequoia Y770, the solid red powerhouse that further strengthens the reason that Bank On It and his progeny have been some of the most talked-about calves throughout the country this past year.

"THE FROZEN CLASSIC" SALE TERMS & CONDITIONS

INSTRUCTIONS FOR HOW TO ACQUIRE YOUR SEMEN/EMBRYO PURCHASES

- After you, the BUYER, have made payment for your embryos or semen, the seller will be notified that your purchase has been paid in full.
- Once the embryos or semen have been paid for in full by the BUYER, they will be released in the BUYER'S name, by the SELLER, at the storage facility for the said purchase.
- **It is the complete responsibility of the BUYER to call the SELLER and request shipping, or call the storage facility and extend the storage contract under your name.**
- It is the complete responsibility of the SELLER to release the embryos and semen into the name of the BUYER, once they have been notified of full payment, and to arrange this understanding with the storage facility.
- Griswold Cattle is not responsible for any semen or embryos not secured into the name of the new owner within one year of the sale.
- As the BUYER, it is suggested that you make contact with the storage facility or the SELLER to make clear your intentions of shipping or leaving the embryos or semen in storage.
- THE BUYER IS RESPONSIBLE FOR ALL SHIPPING COSTS and/or INSURANCE on EMBRYOS and SEMEN.
- PLEASE NOTE: All transfer of embryos and semen is between the buyer and the seller of each lot.

GUARANTEE OF EMBRYO PURCHASES

The SELLER guarantees that each embryo package consists of Grade One and/or Grade Two embryos that have been frozen by a reputable source. All embryos selling are either ET or IVF direct thaw. We will guarantee Grade Two embryos just like Grade Ones and feel that the eggs we are representing are of the best quality. On behalf of the seller, we will not represent low grade embryos or embryos that are not collected through reputable facilities.

Sellers acknowledge that they understand they are responsible for guarantees made and that they will help take reasonable actions to insure that the buyers of their lots are satisfied with their purchases.

SPECIAL GUARANTEE

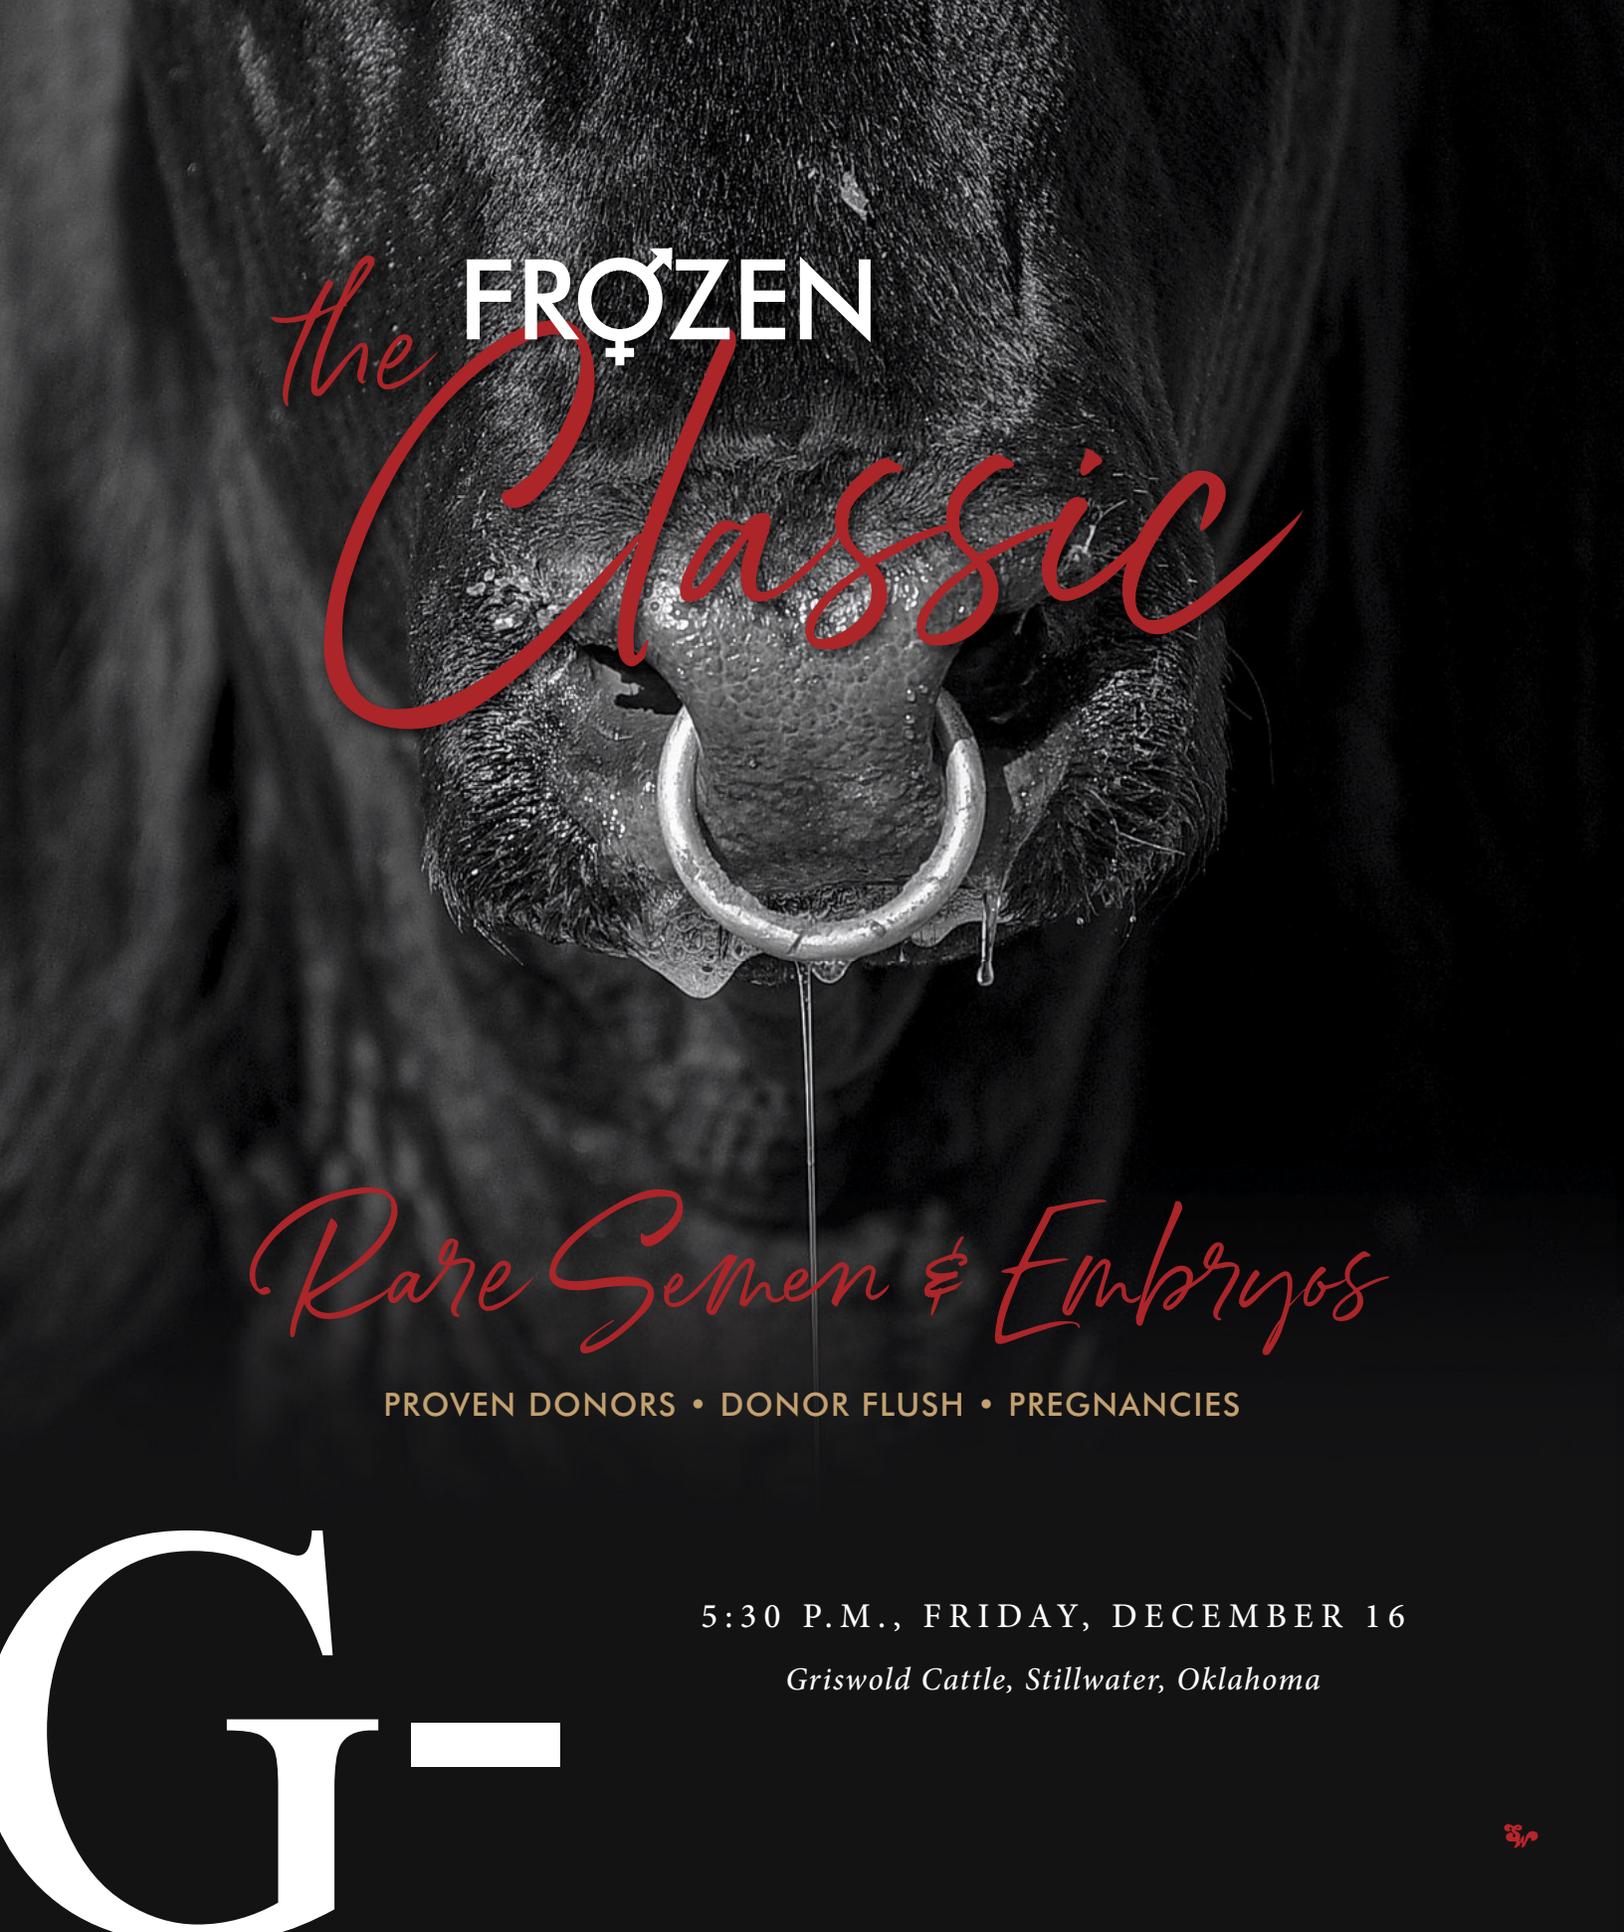

Unless otherwise noted, SELLERS of embryo lots will guarantee the establishment of at least one 60-day pregnancy per three embryos transferred, if the following conditions are met:

- A. The transfers must take place in the calendar year following the sale date (2023 for the 2022 sale).
- B. Transfers are performed by a licensed embryologist.
- C. Buyers of embryo packages that fail to establish at least one pregnancy will be given credit in next year's sale, or additional embryos from the seller from the same mating, or if the buyer chooses another of similar value.

Thank You!
