**Thank you for your interest in our program, we strive hard day  
in and day out to build genetics that will work not only for us,  
but for our customers. Any questions on the offering, please be  
sure to contact one of the sale representatives.**

## TERMS & CONDITIONS

Cattle sell per the terms & conditions of the Caffee Ranch. Announcements from the Auction Block on Sale Day regarding the cattle selling in this sale will take precedence over the information printed in this catalog.

No cattle will be loaded until paid for. Terms are cash, check with proper ID (i.e. Driver's license), wire transfer or Master Card/Visa will be accepted with a 3% fee. For example, if you are the successful bidder at \$1,000 and you charge your purchase using your credit card. Your credit card statement will show a payment of \$1,030.

This auction is a live online auction, via bid online at CCI.LIVE. If you can't see the cattle, contact one of the owners, or consultants for information about the offering.

Please note that our sale will start on time and will move quickly, so be prepared to make your bids promptly. If you need help with CCI.LIVE please call 405-400-9505.

## RISK

All animals are the owner's risk prior to their sale and become the property of the purchaser as soon as declared "sold" by the auctioneer (but will be cared for at the purchaser's risk for a reasonable length of time).

## PAYMENT

Terms of payment are cash, good check or credit card. No cattle will be loaded until approved by Caffee Ranch. Please make payment immediately after the sale, any bills past 30 days will be subject to a 3% service charge. Cattle must be paid for before they leave.

## FREE NATION-WIDE TRUCKING

We offer free trucking to central points in the continental United States. Caffee Ranch will contact the buyer prior to delivery to determine a central location. We ask buyers to please be willing to travel to central drop points and meet trucks at sale barns along central routes. Drop points need to be consolidated to make delivery feasible and avoid cattle in transit too long. Trucking arrangements will begin a week after the sale, cattle not paid for will not go on the coordinating truck, and are subject to paying for the trucking on the next ride.

*• Cattle must be paid for before they leave*

## INSURANCE

Amy Puepke - 605.770.4414

## HEALTH

All cattle will be accompanied by proper health certificates for shipment and have had a complete vaccination program.

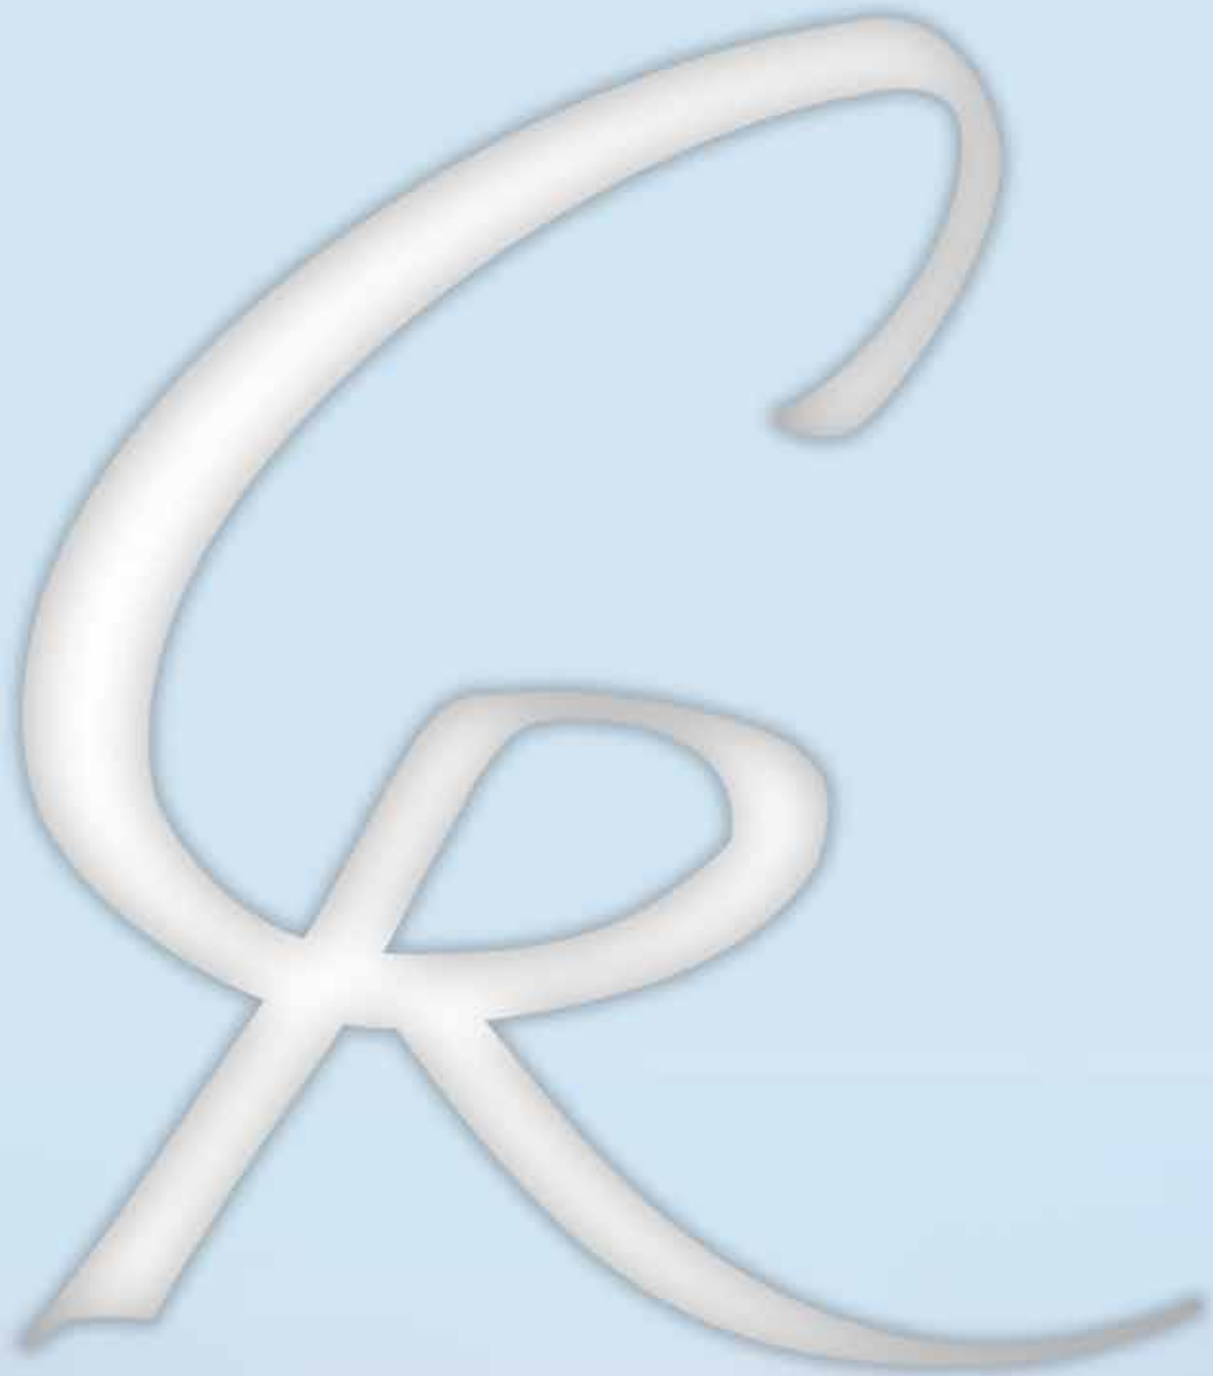

## BREEDING GUARANTEE

All bulls will be semen checked, and passed by our certified vet before leaving Caffee Ranch. The sale offering is guaranteed to be fertile and reproductively sound in accordance with the terms and conditions as recommended by the American Maine-Anjou Association and American Simmental Association. This guarantee does not cover injury or death. In the event of a problem, the buyer is responsible to return the animal to Caffee Ranch and if it does not respond as a satisfactory breeder, will have the option to select a suitable replacement, if available, or take a sale credit. Any potential claim needs to be made by September 1st of the year of purchase

## RETAINED INTEREST

Caffee Ranch will retain the right to utilize semen in herd on any lot in this sale. The interest retained will not affect your use or schedule.

It is with great pleasure that we welcome you to our 12th Annual Bull Sale. What a blessing 2023 has been with abundant rain for many, a phenomenal feeder market and a record-setting mild winter to date. It is impressive to see so many cow herds still grazing pastures and corn stalks, with little to no feed being supplemented.

Indeed, it is an optimal time to be in the cow-calf industry. With the market upswing it truly gives a person motivation to review future goals and fine-tune marketing plans. It has been rewarding to hear our bull and heifer customers express the impact our genetics have made in their programs.

As always our focus is on a look with added value, creating the ideal functional animal. We feel the crossbreeding we do is second to none, gaining the hybrid vigor along with the ideal traits from different breeds.

We take pride in our robust cow base, offering diverse and exceptional opportunities for all breeders. These cows are proven, they possess genetics capable of receiving a handshake at the most prestigious shows, yet they remain productive, raising replacement

heifers and bulls suitable for any operation.

This year's bull offering is a combination of our trusted initial low percentage bulls and high percentage/purebred bulls. As always the bulls are backed by performance, cow power, and functionality that complement countless cow herds across the country. The extra look and maternal value created by putting a CR bull out is undeniable.

Staying on the forefront, we used new bulls from the most prestigious breeders in the industry. In this evolving industry, staying current for our customers is a priority. The enthusiasm for the Maine-Anjou breed is as high as it's ever been and we are adding to that with more Maine influence bulls than ever.

Join us online at CCI.Live Tuesday evening March 26, where we offer our largest selection of bulls to date.

Regards,  
Lacey Caffee

**DISCOVER THE DAKOTA DIFFERENCE!**  
*Welcome...*

Don't miss this exclusive chance to IVF flush any cow from the heart of The Caffee Ranch in South Dakota! We take pride in our robust cow base, offering diverse and exceptional opportunities for all breeders. These cows are proven, they possess genetics capable of receiving a handshake at the most prestigious shows, yet they remain productive, raising replacement heifers and bulls suitable for any operation. In 2023, the top 5 heifers averaged \$18,000, with the highest reaching \$27,000 and finding a home at Boot Creek Farms in SD. Similarly, the top 5 bulls averaged \$13,500, with the highest fetching \$14,500 and making its way south to Louisiana! Secure this once-in-a-lifetime opportunity on sale day and set the stage for success in your breeding program!

**1**  
FLUSH

## **PICK OF THE HERD FLUSH ANY COW ON THE RANCH**

Guarantee 6 transferable embryos, after 15 embryos will be split, buyer is responsible for all costs associated with flush, and provides the semen. If 6 embryos aren't provided by the first flush, we will flush that cow again at buyers expense, or use the buyer's second choice. Flush will be performed at Trans Ova at Yackley Ranches Onida, SD. Must be done within a year of purchase. Excluding partnership cows.

IVF Flush will be performed at Trans Ova at Yackley Ranches Onida, SD, must be picked in 2024 and flushed at sellers convenience.

**NOV 3:** 815 lbs

**SCROTAL:** 35 cm

**MAR 6:** 1215 lbs

**BREED** // **MA 1/8 SM 1/8 AN 3/4**

Good As It Gets is gaining momentum as a go to maternal sire and we see why! This bull really has added power with a killer look! This guy is one of my favorites, for this width from up high to down low. What you can't see is how the mass isn't only on the bull side, D36 has been killing it and part of that is from her dam, B36, a Net Worth daughter that always produces a good one. Her dam, a Patton, gives the extra punch. Power bull, power cow family. X36 had her last bull in the 2023 sale. All of these cows have seen progeny in both of our annual sales, X36 exited here at the age of 14, longevity built right in.

**BREED** // **MAINTAINER 1/4 SM 1/4 AN 1/2** **REGISTRATION** // **PENDING**

This guy has been a stand out since day one. I told dad he will be one of our best heifer bulls, his pedigree demands it and his cow family assures it. We absolutely love our Bankroll cows, we have been hoarding them and for good reason. The udder on this first calf heifer is phenomenal.

A20 is a matriarch around here, 10 cows go back to her in our herd, and she's never been flushed! Settles AI every year, and always raises one. Copeland's War Wagon comes from the heart of their herd, watching the same maternal traits we do with more power we see this bull going on to do great things!

SCROTAL: 34 cm

MAR 6: 1120 lbs

**BREED // HIGH MAINE 3/4 ANGUS 1/4 REGISTRATION // PENDING**

**B52 // DAM TO LOT 13**

F52 has been years in the making. In 2018 we went back and bred some of our very best Angus cows GVC Maverick, the 2008 model, looking to replicate the high revenue generating daughters we've been able to breed for heifers or steers, hoping to someday create that outcross High Maine bull we could AI our cows to. F52 is that bull! The Z52 cow family has generated north of \$70,000 in revenue over the years and this young Maverick cow is just making her mark. We flush her dam, B52 for both Maine and Simmental. Keep every daughter, knowing they are backed by a powerful, consistent cow family.

At every stage of maturity, E37 continues to climb the ranks of favorites in Wessington Springs. The power Angus and Maine combination enhanced his remarkable growth trajectory and has quickly established him as one of the largest and most robust bulls in the sale pen.

An impressive individual from every angle. Sleek in his design, yet impressive in his makeup. A51 gets his look from his dam and grand dam, both cows are extremely long necked. As a typical Bismarck daughter she's added daughters to our cow herd.

SCROTAL: 42 cm

MAR 6: 1185 lbs

**BREED // ANGUS+ AN 3/4 MA 1/8 SM 1/8**

How bout a really good, heifer safe son, from a really good cow? Take notes here. We believe that this bull's most valuable traits lie in his ability to enhance phenotype. His build is exceptionally unique, characterized by extra dimension, bold ribbed, and powerful hipped, yet he maintains flexibility at the ground and settles with a large, correctly shaped foot, complete with a low birth weight and high weaning weight.

This pair of full brothers intrigues me from the standpoint of mass, phenotype, and maternal greatness. Typical of the Ole Money progeny, they are just a little more of everything. Their standout dam, Lara Croft F06, made the donor pen last year. An impressive udder while still exhibiting a world of merit. Her 3rd and 4th bulls to exhibit in the bull sale, while the last two retailed for \$14,000 and \$10,000. Going back to the exceptional lineage of B33 and S33, displaying her phenomenal maternal strength. The S33 cow family has generated over \$250,000.

C11 // DAM TO LOT 62

We love to cross our Maine's with Simmental's, this Maternal Made daughter is so powerful, Bankroll is the go to choice. He's got all the look, growth and power we like in a bull. Charmaine was Champion Maine and a Top 5 heifer at the SDSF, show heifers are cows around here!

We have 3 Combustible cows and they are hellacious producers. This is B28's 3rd appearance in the bull sale, her top bull commanding \$10,500 headed to California. This is the combination bull, we love him for his completeness and balance.

Z20  
DAM TO LOT 64

Z20 is the kind of cow we all love, breed her anything it flat works! Her first calf, a limestone Jupiter B27, had a Maternal Made bull sell for \$6500 in our 2020 sale. Lately we've gone for the 3/4 Simmys, a \$6000 bull in 2022, have two beautiful daughters in the keeper pen, now she gave us this stylish stud! His dam is a real deep broody half blood Wide Open daughter. It's all about the cow family. This bull's great grand dam was Supreme heifer over all breeds at the Summer Spotlight for Lacey. This bull is the makin female kind, with this cow family behind him!

**BREED // SIMMENTAL 3/4 1/4 AN REGISTRATION // PENDING**

This is E38's 4th Bankroll bull in a row, all in the bull sale, averaging \$5750. This one could be the best one yet! Bankroll has been a huge hit at our place, we've used 100 units the last 3 years, keeping several of the daughters. This guys extra power comes from the cow, Net Worth and Twister are Angus with some umph!

## LOT 66

He has stood out for his exceptional growth and power right from the start. Following weaning, he quickly emerged as a clear outlier within the group. It's indisputable that his influence will significantly enhance growth and performance genetics within any operation aiming to increase weight on the scale. Don't be afraid to keep the daughters, SAM is quickly rising to replace Broker as one of the top cow makers out there.

## LOT 67 & 68 - Full Brothers

After seeing Good As It Gets at the stud I knew what we were flushing our new Maternal Made donor too... Broker! We love the design of these ET brothers, for being notably square and wide at the ground, large footed, wide backed, robust middled, and enduring visual appeal, the epitome of our phenotypic goals.

They are saying the best steer bulls come from a Simmental cow, here is proof! This bull is no dink, he's a stout 1330 lb bull, not even a year old yet! Born unassisted, this power house walks like a cat, with the look of a beast. Z43 owes us nothing and gives us everything every time. Backed by the OG Meyer 734.

This bull is an undeniable “must-see” before sale day and has quickly become a top pick among us. Bulls of this caliber have the potential to significantly transform a herd and make a substantial impact on an operation.

# CR Embryos

These cows are proven, they possess genetics capable of receiving a handshake at the most prestigious shows, yet they remain productive, raising replacement heifers and bulls suitable for any operation. Invest in the future of your operation right here.
